

**GemOne®**

# Smart telematics for industrial environments

Fleet and safety management  
for material handling fleets

# The problems we solve for material handling fleets

- ✓ **Minimise warehouse incidents** and streamline regulatory management and compliance.
- ✓ **Put an end to unapproved use of machines** and promote safer driving behaviour.
- ✓ **Fix inefficiencies** in how you manage your machines.

## How we help material handling fleets

### Enhance warehouse safety and compliance

Enhance safety in your workplace and streamline regulatory management so you **minimise equipment damage**, save time on safety checks and compliance, and safeguard the wellbeing of your employees.

### Streamline operator management

Control access settings and **gain insights on operator activity** so you can more easily manage licensing requirements, optimise training, and promote safer driving behaviour.

### Boost fleet efficiency

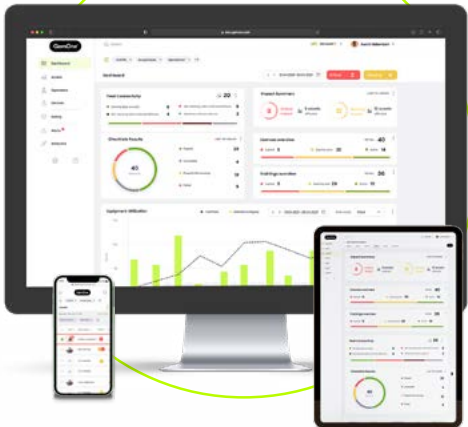

Get actionable **fleet performance insights** on machine usage so you can minimise machine downtime, improve fleet composition, and enhance lifecycle management.

# Our solutions for material handling fleets

**Sapphire:**  
Fleet and safety management for material handling fleets  
Make your warehouse safer and more efficient.

**AI Camera:**  
Pedestrian proximity detection  
Increase work area safety with pedestrian proximity detection and warnings.

**GemOne Cloud:**  
The single source of truth of truth for your fleet data  
Actionable business insights for your material handling fleet.
